An assignment from the inventors of the parent (now US Patent 6,303,585) of the patent application identified above to Orquest, Inc. The assignment was recorded in the Patent and Trademark Office at Reel 9486, Frame 0737;

A chain of title from the inventors of the patent application identified above, to the current assignee as shown below:

Assignee herein does not disclaim or otherwise affect any part of *U.S. Patent No. 6,683,064*.

This disclaimer runs with any patent granted on the above application and is binding upon the grantee, its successors or assigns.
